

Global Tech China Mightylite Warranty

This product is guaranteed by Global Tech for a period of two (2) years from the date of purchase to be free from manufacturer's defects. Global Tech will repair, replace, or credit products that have a manufacturer's defect within ninety (90) days of receipt. Global Tech offers this warranty to its distributors, not to their resellers or end customers.

This is a Hong Kong warranty only. As goods are sold FOB ex-factory Hong Kong or China, this warranty is governed by the laws of Hong Kong and/or China only. In order to provide the lowest possible price point, Global Tech is unable to offer a world-wide onsite warranty. Included in our price offering is a 5% reduction to cover defects or failure. Faulty goods beyond 5% must be returned to Hong Kong for repair/replacement/credit. Global Tech is not responsible for shipping to/from Hong Kong.

This warranty excludes liability for discolouration of paint or plastic as well as for willful or accidental damage. This warranty also excludes batteries.

This warranty is voided if the product is installed in contravention of the installation instructions described in the product manual, including installation in a location of unusually harsh exposure or weathering, or if the product is used in a way other than that for which it was intended.

Note: Global Tech Mightylite solar panels carry a 20-year warranty against manufacturer's defects.
